1963-1989
In the summer of 1963, after
graduation from West Point, I went
into Fort Sill and attended the Field
Artillery Basic Course. After Airborne
and Ranger schools, I began my ca-
reer at the 101st Airborne Division,

Fort Campbell, Kentucky. I met my
wife there and we got married in
1965 – then off to Vietnam for a
year as an advisor. I had lots of field
artillery assignments along the way
to include Fort Bragg, Fort Benning,
Germany, back to Vietnam, and then
on to West Point to the Mathematics
Department. I finished my last six
years in the army at the Pentagon.
My final assignment was with the
Army Science Board and I retired in
1989. As a civilian I worked at the
National Academy of Sciences and
the Institute for Defense Analyses
running studies and seminars for
various government agencies to in-
clude the FBI and Defense Advanced
Research Projects Agency. I spent
a total of 47 years working for the
government.
